

CLUB NOWRA

President's report 2024

Whilst it is a pleasure to report the Club had an operating profit of \$57,588.00, dire financial conditions were the reason we had a loss of \$51,954 after depreciation.

In June/ July 2024 modifications to the Outdoor Gaming area and the ramp will commence. It will take approximately 12 weeks to complete with all steps taken to minimize interruptions to trade and customers.

Replacement of the bottom green brick fence and repairs to the pavilion are still ongoing, progress is very slow.

Congratulations to the Ladies No2 Pennant side who were unlucky to lose the quarter final by 4 shots at the State final's having to play on carpet was a new experience for them.

Good luck to the Men's No6 Pennant side who will be playing in the State finals at Yamba in late June.

There are many people to thank for their support during the year. Firstly, to our sponsors your financial support is greatly appreciated. To all our volunteers who are the main stay of our social activity a sincere thank you.

To Annie, Alex and staff well done on another great year, your meals are second to none. To President Carol, her committee and Lady bowlers, President Deborah and committee of the Fishing Club, many thanks for your help and support.

Finally, to all Directors, Secretary Manager Grant, office staff and bar staff be proud of your efforts this year. You have helped keep the club financially sound.

To those who lost loved ones, our deepest sympathies and to those in ill health we wish a speedy recovery.

Being President is an honour, I appreciate all the support I'm given and I wish the incoming Board every success.

Respectfully

Mike Mitchell
President
