

CLUB NOWRA FISHO'S

PRESIDENT'S REPORT 2025/2026

Club Nowra Fisho's was off to a slow start this season with the September competition called off due to the rainy weather conditions and the amount of debris in the estuary systems.

The Black Crab Weekend was held in November at Greenwell Point and was well attended. Trophy winner for the weekend was Sue Savage with Michael Ware and Austin Fleming taking out the other major prizes. Greenwell Point Bowling Club were very helpful in accommodating our thirty members that cleaned up at the meat raffle and enjoyed dinner on the Friday night. A waterfront BBQ held on Saturday night was well catered for with members contributing to the dinner.

Thankyou once again to the Jorgenson family who sponsor the Black Crab Weekend in honour of Norm.

The Ray Watsford RDW Weekend was held in March with Les Norman and Ann Norman taking out the top prizes. This weekend was held as a home competition not weekend away as rising costs of accommodation at Greenwell Point made it out of the reach of many members. We are currently looking for alternative parks to hold our weekends away.

Membership of the Club has increased this year with a membership drive capturing more social members and always looking for more.

The monthly raffles were well patronised this year and thankyou to all members who assisted in the selling of tickets. As a result of raffle sales, the Fisho's were able to assist Club Nowra in the purchase of a new bubbler for the bowling green. The support of

Membership of the Club has increased this year with a membership drive capturing more social members and always looking for more.

The monthly raffles were well patronised this year and thankyou to all members who assisted in the selling of tickets. As a result of raffle sales, the Fisho's were able to assist Club Nowra in the purchase of a new bubbler for the bowling green. The support of

the Club Nowra members who buy tickets each month in our raffles is very much appreciated and as a result enables us to assist in donating some of that money back for items that can be used by all members.

Thank you to our Weigh-Master Kevin Foster (Bear), our Record Keeper Sue Savage and our Treasurer Michael Mitchell for their continued support and help to keep the Fisho's affairs in order.

Hopefully our 2026/2027 season will see an increase in membership and some of our social members giving fishing a go.

Deborah Fleming
